COMMENTS

I wish to register my objection to the proposal

- 1 The local infrastructure is already starting to show signs of stress and with the existing construction work underway will only become worse. There are numerous examples readily available to witness.
- 2 The areas in question are part of a diminishing natural bushland which is home to many native ~~flora~~ flora and fauna. The ridge area is also part of the range of a family of wedge tailed eagles.

This proposal, if successful, would be disastrous for both human and native inhabitants.
