RE: DA2021/0004 - 1121 Pittwater Road COLLARROY NSW 2097

As a local Collaroy business, I took a keen interest in the work going on in the old bank building on the corner of Collaroy St and Pittwater Rd. I've had a look at the plans for the new veterinary hospital and was really pleased to see that the integrity of this heritage building will be maintained. I think the vet hospital will be an excellent, long term addition to the area. It will be good to see that beautiful heritage building being used by a reputable, long term tenant.
