Subject: CONFIDENTIAL Submission for DA 2019/0402
Date: Tuesday, 28 May 2019 11:27:54 AM

This is a confidential submission. Please do not publish my name or contact information online. Thank you.

Dear David,

As discussed this morning I just want to raise concerns about DA 2019/0402 25-29 Park Street, Mona Vale which is an application to make changes in the car park at Woolworths.

Please can you confirm that the hours of work will be carried out during the day and will not be night work. We have lived next door to months of night work for which we have received no information or notifications from Woolworths and it's exhausting. The night foreman has been brilliant but until he was made aware of the issue there was no controls or consideration towards residents. Woolworths have made no attempts to help the situation or let us know what's going on. As it was approved by CDC the information for this work is unavailable on line so we don't know what has been approved or what the restrictions are supposed to be. There has also been additional night works outside in the car park which we were not advised of.

Please can you also confirm the hours of operation for the Pick Up which is to be located in the car park and very close to residents. Will it be the hours of store operation which is currently until 9pm or the current Pick Up hours of 8pm? Please take the residents and the close proximity of our bedrooms into consideration when reviewing the operating hours.

With regards to signage I can't see any information about whether this will be illuminated or not. They have installed new lights in the car park which are ridiculously bright and totally add to the existing light pollution. If these new signs are illuminated they will only make the problem worse. Please consider the existing amount of light before approving new illuminated signage.

Many thanks for your assistance and I look forward to hearing from you.
