Proposed Development  
Application **No DA2023/0718**  
52 Cabbage Tree Road Bayview NSW 2104

The General Manager  
Northern Beaches Council

Re Bayview Golf Club Proposal

The subject site is noted as being within the Council's biodiversity area.

The concern is that the proposal will see the removal of 23 trees in order to accommodate the development in the designated Wildlife Corridor from the Bay to Ingleside .

Replacement plantings will take years for the trees to mature to existing heights . In the meantime fauna is deprived of shelter and food sources .

Hole 10 loses 5 trees ( nos 21 to 25) whilst Hole 13 loses 11 trees ( nos 30 to 40). We can't afford to lose so many trees within this widely known Wildlife Corridor.

Accordingly, the proposal will not achieve an enhanced environmental and biodiversity quality on the site.

No political donations have been made to Councillors / employees in the past years
