**Subject:** Objection to Palm Beach fish shop over development

To whom it may concern,

I would like to object, in the strongest possible terms, to the planned over development of the fish shop site on Barrenjoey Rd, Palm Beach. The proposed design is gross in the extreme. It in no way reflects the 'sea side' nature of Palm Beach, which is a unique and beautiful part of Sydney, that does not need buildings of the scale or poor design that is currently proposed. Palm Beach is a sea side village and not a major city, like Paramatta or Chatswood, which is where this development is more aligned. We have lived in Palm Beach for over ten years and we have been coming to Palm Beach for 60 years, and have loved the historic nature of this special place and the wonderful community that exists here. But with this ugly and oversized development, it is clear that developers, and not the community, will get their way.

I urge the Council, whose responsibility is to represent their rate payers and not opportunistic and greedy developers, to listen to the community and reject outright the plans for the hideous development.
