**RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107**

Having grown up in whale beach and only moving out of my family home there last year, it saddens me to receive news that one of the last quaint, character filled beaches on the entire northern beaches is potentially going to be the site of a mega development.

The appeal of this beach is its size, it's seclusion and it's atmosphere- this is what the locals and visitors alike love about the beach, and all of which will all be sacrificed by such a development.

This comment is also coming on behalf of my not so tech savvy parents still living in whale beach.

Please, let Whaley remain a local treasure
