RE: DA2021/1541 - 20 Albert Street FRESHWATER NSW 2096

I support the addition of another restaurant/food offering with outdoor dining. The village has suffered for too long. (post lengthy closure of IGA and other long term vacancies). This is an important site located in the retail centre of the village should improve the trade of other cafes/restaurants (and attract others) in the main street which also have similar outdoor dinning.
