

Statement of Heritage Impact – Section 4.55 Modification

Prepared for Rowan Hanley

July 2018

View to south-east looking over roofline of dwelling on the subject site.

1.0	Modification Assessment2
-----	-------------------------	--------

1.0 Modification Assessment

The proposed modification to Development Consent DA2017/1343 consists of minor reconfiguration of the roof profile. The extent of roof area and general nature of the proposed structure is equivalent to the approved design. The proposed modification will have no bearing upon the heritage item or the tree protection measures outline in the conditions of consent.
