RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

I strongly object to the seawall being constructed on the Collaroy - South Narrabeen beach. I first surfed at Collaroy beach in the 1960s. Over many years I have surfed the whole stretch and feel the seawall will end up being an eyesore and could potentially destroy the beach as we know it. My impression was that it was going to be left alone especially after the huge Line in the Sand protest some years ago. If you need me for any further info about the predicament please contact me.
