**RE: DA2023/0995 - 54 Brighton Street FRESHWATER NSW 2096**

This development makes a lot of sense. Not only do we need to increase the housing supply in Sydney, the development adds 6 new dwellings to the sites and has its own car parking. There are many similar developments in Brighton Street, so there is precedent for this development. I believe it is the best interests of Northern Beaches residents for this to proceed.
