RE: DA2018/1828 - 3 Berith Street WHEELER HEIGHTS NSW 2097

I have lived at the above address since 1957. In that time I have seen many changes. The conversion of the beautiful suburb to high density residential is not appropriate due to the width of the streets . Increased tragic volume. In this case at 3 Berith St. parking and trafic adjacent to the Wheeler Heights Public School entrance is dangerous.
The development will over shadow and overlook my property and impact on my privacy.
I have just lived through noise and dust inconvienece and trafic chaos of the redevelopment of 1 house to 12 town houses at 34 Rose ave. Directly adjacent to my property.
On the above issues I strongly object to this unessary development.
