Rev. Frederick Nile 10 Courtley Road BEACON HILL NSW 2100

Our Ref: 2014/088078

Dear Rev. Nile

Concerns over a Eucalyptus tree located at 10 Courtley Road, Beacon Hill

Council has recently been notified of a dying Eucalyptus tree located at your property.

As the owners of the above property, you are responsible for maintaining trees which are located within your property to ensure the trees are safe as possible, particularly if the trees are located in close proximity to dwellings and vulnerable areas.

Council recommends that that you engage the services of a qualified Level 5 Arborist to inspect the tree and provide advice as to its stability and condition. Should the Arborist consider the tree to be a risk to life or property, then the tree may be removed without the need for obtaining Council's approval under Clause 5.9 (6) of the Warringah Local Environmental Plan 2011.

Alternatively, a Development Application Tree Removal and Tree Pruning (Council form enclosed) may be lodged with Council for the approval to remove or prune the tree. This form may also be used to request the approval to remove additional trees located on your property.

If you have any questions, please contact me on 9942 2628 weekdays or via council@warringah.nsw.gov.au.

Yours faithfully

Kathryn Hills

Tree Assessment Officer
