To whomever it may concern

I would like to register an objection to the plans to develop more shops in Bilgola and the height of the construction. This is a leafy suburb where the community values nature. Housing blocks are large and full of native trees but kept at a relatively low level so as not to detract from the natural environment. Bilgola does not need more shops now that the shops / apartments on Plateau Road have been constructed and certainly does not need more light being blocked out and buildings that are not in keeping with the rest of the suburb. Please follow up with any questions at the above email address.

Kind regards

Claire
