**RE: DA2020/0514 - 1 B Bolingbroke Parade FAIRLIGHT NSW 2094**

As a member of the local North Harbour community as well as user of the local waterways and Spit to Manly walk I wholeheartedly support the proposed development.

It is pleasing to have a local business willing to invest in increasing the amenity of facilities in the area for both waterway and walkway users.

The current facility is quite run down and in need of restoration work.

The proposed facility appears similar, though on a much smaller scale, to the very successful and popular Clontarf Marina development completed several years ago. The Manly Boatshed development has advantages when compared to the Clontarf development including being tucked away from local residents due to the landscape and not having a large working marina associated with it.

A facility such as this enables a wide range of visitors to enjoy the beautiful harbour that is a public space the envy of the world.
