Dee why NSW 2099

RE: DA2024/0375 - Abbott Road NORTH CURL CURL NSW 2099

Im highly supportive of this, as it will benefit the community that the club and cafe serves. The SCC surf life saving club is a beneficiary of the commercial success of the cafe. The Cafe serves as a social hub for the community and provides a coffee and dining service in a locality with no other such options. I know from all my conversations across the community that this initiative is supported.
