Officer comments

General Comments

The application seeks approval for some minor changes to the approved development including a reduction in
the amount of excavation by reducing the floor to ceiling heights in the basement and ground floor levels and
lifting the basement slab up 1.62 metres and the ground floor slab up 0.62 metres.
The proposed modifications are contained internally within the building.
Environmental Health supports the proposal without additional conditions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
