**RE: DA2019/0023 - 10 Talgara Place BEACON HILL NSW 2100**

I am most concerned about the height of this development, 3 storey in a quiet, low density, 1 or at the most 2 storey houses in Talgara Place. It seems out of place for the area. I am not expert enough to make detailed objections but the height and other plans etc do not seem to fit with the neighbourhood. Thank you.
