RE: DA2020/1136 - 13 Pacific Road PALM BEACH NSW 2108

Regarding DA 2020/1136

We are long term residents of Palm Beach & although this application doesn't directly affect our situation, we feel strongly enough to make comments on this proposed development
As with all developments within this council's domain there are rules that must be followed to maintain the uniqueness of Palm Beach

This application appears to break many of these rules in regards to height, loss of view & privacy plus the sheer size of the building

Please consider my objections when council votes on this application

Thank you. John & Trish Whiteford
