**RE: DA2018/1708 - 195 Sydney Road FAIRLIGHT NSW 2094**

As a resident living across the road I am very much against this development. My main concerns are the significant impact on traffic and parking on Sydney Rd, which is already congested. I don't believe the development is aligned with the vibe of Fairlight, which is predominantly a family friendly area.

Security is also a concern, given the increased number of residents of close proximity to our ground floor apartment.
