RE: REV2021/0006 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100

As a local resident close to the proposed development at 182 Allambie Rd, I object on several grounds.

1. The development requires the clearing of high conservation value public land. This is inappropriate
2. The development will impact negatively on the catchment of Manly Dam
3. The development will affect the amenity of the Manly Dam Reserve for local residents and visitors
