To whom it may concern

I am writing in support of the development application that Hugos has in for additional sitting on their outdoor deck and ferryside seating

I am a local resident, I live across from the wharf at Grand Esplanade, 606/ 54 West Esplanade

We absolutely love Hugos and the offering they bring to the wharf. Our apartment faces the wharf and considering our proximity to the restaurant we have never had any issue with noise from Hugos.

The deck is such a beautiful spot to enjoy lunch or dinner and we feel really adds a 'wow' factor to Manly's dining experience

Many Thanks
Sorcha Horgan
