- Structural Details shall be subject to Engineer's Specifications
- Drainage shall be subject to Hydraulic Engineer's Specifications
- All work shall be carried out in a professional manner by Qualified Tradesman
- Drawing is copyright to Karen Ruthven Landscape Architect

LANDSCAPE STATEMENT

The proposed DA Landscape Drawings for 75- 77 Foamcrest Ave Newport have been designed and set out in accordance with;

- The Client’s Brief
- The Northern Beaches Council Documents & Pittwater Council DCP
- Architectural plans by Richard Cole Architecture

The proposed landscape aims to retain many of the sites existing trees, palms, and shrubs along the property boundaries which provide screening & privacy to neighbouring properties while maintaining green outlooks for the new apartments. The existing planting will be supplemented with additional gardens, including new trees and palms of primarily local native, and subtropical native species suitable for the sites location, and specific microclimates.

The ground level landscape consists of ;

- Street & Boundary Plantings
- Communal Entry Gardens
- Four private courtyard gardens

The Level 1 landscape consist of;

- Raised planters to private balconies

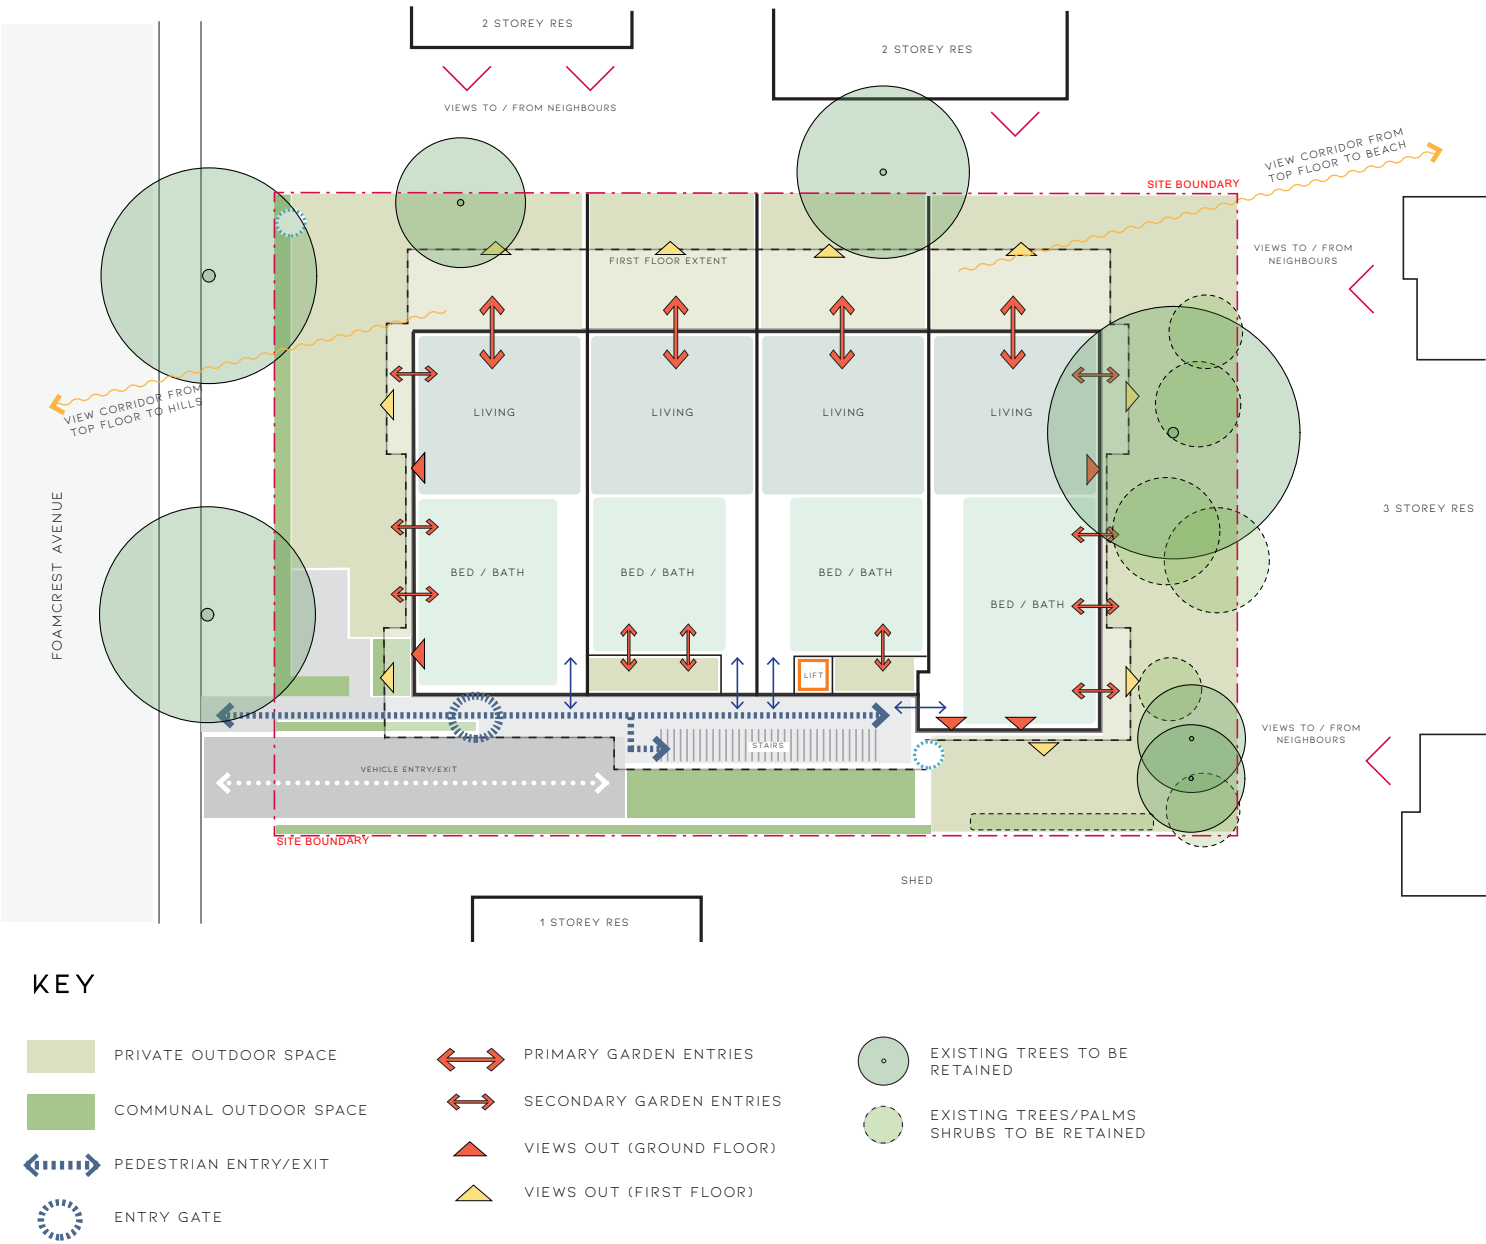

1. Garden Vistas for all apartments

2. Richly Planted boundaries of local native & subtropical plantings

3. Pocketed Lawn Spaces to Ground Floor apartments

4. Indoor / Outdoor transition with porous paved steppers

GENERAL NOTES

* All tree dimensions and RLs in metres. All other dimensions in mm unless stated otherwise.

* Do not scale from drawings. Use figured dimensions only. Larger scale drawings and written dimensions take preference.

* All work shall be carried out in accordance with current versions of Australian Standards, BCA and Local Government Regulations.

* Service location on plans are indicative only. *Karen Ruthven Landscape Architects* accepts no responsibility for the accuracy of service locations shown or for services not shown. It is the responsibility of the contractor to determine service locations prior to the commencement of work, including contacting *Dial Before You Dig* and performing on site service locations. Locate and protect all services on site and in adjacent public domain. Any damages to services and associated damages remains the responsibility of the contractor and shall be rectified at no cost to the client or any other party.

*All adjoining property elements including but not limited to buildings, walls, trees and paving to be protected. Damaged elements remain the responsibility of the contractor and shall be rectified at no cost to the client or any other party.

* Existing trees to be retained are to be protected to Council and Project Arborist's requirements. No vehicular traffic, stockpiling or storage of materials within Tree Protection Zones (TPZs).

IRRIGATION NOTES

* Irrigation by specialist D&C Irrigation Consultant in accordance with the Performance Specification in the Landscape Technical Specification. Refer to Irrigation Consultant documentation for details and requirements of landscape irrigation system.

* Irrigation is to comply with Council Conditions of Consent and Water Authorities.

* All turf and garden beds within the site boundary are to be irrigated unless stated otherwise.

* Irrigation must be spaced at min. 300 centres and adjusted according to plant setout to provide adequate irrigation to all plants.

* Drip irrigation is to be fully concealed by 75mm minimum of mulch.
