**RE: DA2020/0552 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100**

please do not allow any more clearing of bushland and building in the catchment area of Manly Dam.

This remnant of bushland is precious in many ways and must be preserved, for the native fish and other animals, the wonderful plants, the water quality and for the benefit our children's children. We cannot afford to lose any more.
