RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

This is not acceptable! I wish to object to a bus depot being built ! i have worked local to this street for 16 years and it is already at its limit! The traffic in the area is already congested without it. The traffic report is inaccurate ! It is a 50km/h zone, and the round about at this location is regularly damaged by larger vehicles already. Peak hour and school times the road is already under severe stress with traffic banked up for 100's of metres. The provision of 10 parking spaces for that number of staff is also inadequate and yet building continues in Warriewood Valley ? When will this stupidty and lack of foresight ever end?
