Site of proposed Development
2 - 4 Lakeside Crescent North Manly NSW 2100
8 Palm Avenue North Manly NSW 2100
389 Pittwater Road North Manly NSW 2100

I wish to object to the overdevelopment of the unstable site
My family lived in the first house in Palm Avenue, the Water Board were installing a sewer line and had dug a deep trench beside the boundary fence, the water table was about 6ft down, water seeped into the trench and our solid brick house broke in half, I was very pregnant and shocked when I came home from Manly
There were workmen trying to stop further damage with long timbers forced against the sides of the house, you could put an arm through the crack doors didn't shut , the Board had suggested demolishing and rebuilding but decided that the site was too unstable as it was reclaimed land.

We moved down Lakeside Crescent and heard over the years of the Queenscliff Health Centre's problems with their building

Regards
Toni Lynch
