**RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107**

To the Councilors of Northern Beaches Council  
The large housing development proposed for 521 Barrenjoey Road, Bilgola. 1. will disfigure the main gateway to the northern peninsula  
2. sets a bad precedent for future developments.  
3. Having little verge and no footpath will add danger leading to potential fatalities  
4. The development is multi-level, having offices with ensuite bathrooms ?  
5. Council's criteria for developments in an E4 Environmental Living zone. Is not taken into account.  
6. It proposes the cutting down of many native trees including several on public land.  
I am therefore firmly objecting to the massive overdevelopment planned for 521 Barrenjoey Rd, Bilgola Beach, Lot 129DP16902, DA20211164.  
the environmental damage caused by the thoughtless uprooting of habitats , home to powerful owls. and a fragile ecosystem that takes years to mature.  
Please don't let this development go ahead and ruin the natural habitats we attempt to preserve here in Pittwater/ northern beaches.  
Vanita Ogden
