RE: DA2020/1759 - 51 Arthur Street FORESTVILLE NSW 2087

When is construction starting . Currently the owner does whatever he pleases , He made it so hard for lovely tenants and they have to vacate and very recently he lease one of the shop For illegal use of premises with his approval and encouragement, this new business is an holding indoor recreational activities, which is prohibited by law in the zoning of this address, I would like to make surer the owner is not going to continue to do whatever he wishes in this building and follow the legal regulations of the council and state . Otherwise I support the developer very much and hope make pretty thing
