**RE: DA2019/1234 - 0 Wharves And Jetties MANLY NSW 2095**

Please reject this proposal; Manly Wharf is already struggling to cope with the numbers of visitors and customers it attracts. More seating will increase the noise levels even further, put even more pressure on too few parking options, and too few toilet facilities. The resulting extra crowds will spill out onto the surrounding streets and especially East Esplanade; already beyond capacity causing even more noise pollution, littering, vandalism and drunken behaviour. Truly, the limits of developing the wharf have been reached. Let's protect our heritage wharf and surrounding areas.
