

Natural Environment Referral Response - Coastal

Application Number:	DA2020/0586
Date:	12/06/2020
Responsible Officer	Nick Keeler
Land to be developed (Address):	Lot 4 DP 249261 , 4 Laura Street SEAFORTH NSW 2092

Reasons for referral

This application seeks consent for land located within the Coastal Zone.

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

Officer comments

The application has been assessed in consideration of the *Coastal Management Act 2016*, State Environmental Planning Policy (Coastal Management) 2018, Sydney Harbour Catchment Regional Environment Plan, 2005 and Sydney Harbour Foreshores and Waterways Area Development Control Plan, 2005. It has also been assessed against requirements of the Manly LEP and DCP.

The application has also been assessed using Northern Beaches SREP assessment template.

Coastal Management Act 2016

The subject site has been identified as being within the coastal zone and therefore *Coastal Management Act 2016* is applicable to the proposed development.

The proposed development is in line with the objects, as set out under Clause 3 of the *Coastal Management Act 2016*.

State Environmental Planning Policy (Coastal Management) 2018

As the subject site has been identified as being within the coastal zone and therefore SEPP (Coastal Management) 2018 is also applicable to the proposed development.

The subject land has been included on the 'Coastal Environment Area' and 'Coastal Use Area' maps but not been included on the Coastal Vulnerability Area Map under the State Environmental Planning Policy (Coastal Management) 2018 (CM SEPP). Clauses 13 (coastal environment area) and 14 (coastal use area) do not apply as the site is also located within the SREP area. Hence, only Clause 15 of the CM SEPP apply for this DA.

Comment:

On internal assessment and as assessed in the submitted Statement of Environmental Effects (SEE)

report prepared by Space Landscape Design Pty. Ltd dated 26 May 2020, the DA satisfies requirements under Clause 15 of the CM SEPP.

As such, it is considered that the application does comply with the requirements of the State Environmental Planning Policy (Coastal Management) 2018.

Sydney Regional Environment Plan (Sydney Harbour Catchment), 2005

Harbour Foreshores & Waterways Area

The subject site is located within the Sydney Harbour Catchment and is identified as being within the Foreshores and Waterways Area. Hence Part 2, Clause 14 and Part 3, Division 2 apply in assessing this DA.

On internal assessment, it is determined that the Planning Principles and Matters for Consideration of the Area have been met.

Manly LEP 2013 and Manly DCP

Foreshores Scenic Protection Area

The subject site is shown to be as “Manly Foreshores Scenic Protection Area” on Council’s Foreshores Scenic Protection Area in Manly LEP 2013. As such, Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013 will apply to proposed development on the site.

On internal assessment and as assessed in the submitted Statement of Environmental Effects (SEE) report prepared by Space Landscape Design Pty. Ltd dated 26 May 2020, the DA satisfies requirements under Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013.

As such, it is considered that the application does comply with the requirements of the Clause 6.9 (Foreshores Scenic Protection Area) of the Manly LEP 2013 and Part 5, section 5.4.1 Foreshores Scenic Protection Area of the Manly DCP 2013.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

Nil.
