RE: DA2022/2081 - 292 Condamine Street NORTH MANLY NSW 2100

I fully support the proposal

The building of the sports club replaces the old bowling club for the area with the added bonus of being a new modern construction that will bring new life to the area. The fact that a new restaurant will be open will please many locals. Noise won't be an issue as the club will be facing north west will the noise going over the golf course. I also like the fact that it will be a multi sports club and be free of poker machines.
