The DA committee

I would also like the names of people we speak to about being Discriminated against and whom keeps doing this to us in Loch Street Freshwater.  
If we wanted to look at ugly houses instead of ocean views, I would of bought a place in the suburbs, as it's much cheaper.  
Thank you Stephan 4/28 loch street Freshwater

For your reference please find below a copy of your submission:

The proposed dwelling is way to high.

25 and 23 loch street owners are not happy because your council approved a dwelling to be built in front of their houses taking their views.

Because of this they assume that it's their right to build their properties higher taking all our views and morning Sun.

They have more than enough room on their land to build oversized houses without additional stories and could make them lower.

My Thoughts Are

To me this is nothing more than Discrimination to the rest of us and the community. So revoke 23s and 25s application to build and let's go to Discrimination laws before any further building goes ahead.

As it took someone to find a law from 1978 to pass 23 loch streets property and many years of trying. Laws can be changed.

Also why wasn't a DA put out for 17 loch street, it is 3 feet higher and several feet wider and looks like a factory unit.

These people don't have to look at their ugly dwellings as their inside.

Thank you Stephan
