RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

As residents of Bennett Street for over 60 years, we have a genuine concern regarding the parking & traffic on Bennett Street if this proposal is approved. Already with weekend sport it is impossible to get out of our driveway, let alone drive along Bennett Street with the heavy congestion of traffic. People think nothing of parking across your driveway or parking you in. The proposed freshwater senior car park is too far away for peoples convenience & they will park in Bennett Street or Stirgess Avenue, it's human nature. We will be very angry and disappointed if council approves this DA as the impact on the rate payers of Bennett Street and surrounding streets will be significant.

Regards

Margaret & Letitia Wilson
