Manly NSW 2095

**RE: DA2021/1851 - 14 South Steyne MANLY NSW 2095**

We are residents next door to the proposed development. We would like council to impose a condition that Sign 1, facing Dungowan Lane and 46 Victoria Parade never have a light for illumination. There is no light on the attached plan for Sign 1 but we want to ensure no light is subsequently added. The reason is the light will shine directly into the living areas of 46 Victoria Parade which are only approx 5 metres from the sign. This would cause a significant loss of amenity for the residents of 46 Victoria Parade.

Regards David Foodey
