Soil Erosion and Sediment Control Fence
 1. Siltation fencing is to be placed as shown on the site plan as so to prevent silt run off to any adjoining property or to the street. This measure is to be placed prior to any excavation work beginning and is to be removed only when the sites surface as been stabalized, i.e. paved, landscaped or turfed
 2. 40mm crushed rock aggregate is to be placed as an access driveway to the site and must be maintained throughout the course of construction.

Typical Silt Fence
