To Whom It May Concern

We note with dismay the passing of the above DA by council.

As a local resident we love our Robertson Rd village atmosphere with its low rise garden ambience. We find the proposed development totally inappropriate to the local Newport community and streetscape. We are not against development but it needs to reflect the local community/area and there needs to be community consultation and the panel and council listening to the voice of our community. This has not happened so far.

We ask the panel to totally reject this inappropriate proposal/DA requiring the developers to go back to the drawing board.

Sincerely
David & Cheryl Robertson
