I was unable to open the DA previously. Am hoping you will consider my response. I live in 14 Tora Place, Forestville. Just down the hill from the proposed development. During the various rain events we had in the last 24 mths there were massive floods coming down the hill from Melwood Avenue properties. I would like Council to ensure teh proposed development does not exacerbate an already significant issue with this development - given the amount of apartments being proposed I imagine this is a real risk.
