**Subject:** Re DA2020/1163 DA resubmission re 24 Wandeen Rd Clareville

We reiterate our original submission regarding 24 Wandeen Rd Taylor's Point.

We believe Council has no choice but to reject the current design given it does not comply with the Council regulations. It would appear the developer has not materially addressed or changed the original issues especially relating to the over development of the site regarding heights, bulk, scale and privacy for neighbours.

Kind regards

Jenny and Catherine Beck..
