RE: DA2021/2567 - 60 Federal Parade BROOKVALE NSW 2100

Hi. This school at the moment is too big for this area, the location is not appropriate for the volume of movement. the amount of car during the day, specially morning peak is crazy, I had bad moment taking my daughters to the child care a few blocks apart. crossing road is a big risk with many cars running late to drop off at S.Agustin. No parking on the road, busy at all the times. The Brookvale Oval and the school makes days impossible for resident. Please imagine more student here! is already collapsed now. Thank you for hear the neighbourhood.
