RE: DA2021/0212 - 5 Skyline Place FRENCHS FOREST NSW 2086

I wish to register my opposition to this proposed development at 5 Skyline Place Frenchs Forest. The proposed 12 storey building is too high and is completely out of character with the district. Its size and location will lead to further traffic congestion on all nearby roads Warringah road Wakehurst Parkway, Forest Way and Frenchs Forest Road. The area lacks sufficient amenities for the community that would be located there. In addition residents of the area have suffered continuous disruption from the development of the hospital and main road in recent years. Much of this has occurred at night and impacted our ability to sleep and hence work effectively the following day. Residents need a halt or at least a substantial break from development activities. If developments like this are allowed the fundamental nature of our previously quiet and leafy suburb will be lost forever. Please prevent this development from going ahead.
