

77-644 (R 4 No 3) (April 1977) 5220 (44) Water Board Printing Services

## SEWER AVAILABLE

Where the sewer is not available and a special inspection is involved the Board accepts no responsibility for the suitability of the drainage in relation to the eventual position of the Board's sewer. The existence and position of the Board's sewers, stormwater channels, pipes, mains and structures should be ascertained by inspection of records available Board's Business Offices. (Section 33 Of Board's Act). Position of structures, boundaries, sewers and sewerage service shown hereon are approximate only and in general the outlines of buildings may have been drawn from initial building plans submitted to the Board. Discrepancies in outline can occur from amendment to these plans. Discrepancies in position and type of drainage lines and fittings can be due to unnotified work. Before building work is commenced location of drainage lines is recommended. Consent is required to submit to the Board a Certificate Of Compliance as not all work may have been supervised.

NOTE: This diagram only indicates availability of a sewer and any sewerage service shown as existing in Board's records (By-Law 8, Clause 3).

## SYMBOLS AND ABBREVIATIONS

INDICATES	DRAINAGE FITTINGS	INDICATES	PLUMBING FIXTURES & OR FITTINGS

1. Only indicates availability of a sewer and any sewerage service shown as existing in Sydney Water's records. The existence and position of the Board's sewers, stormwater channels, pipes, mains and structures should be ascertained by inspection of maps available at any of the Board's Business Offices. (Section 33 Of Board's Act). Position of structures, boundaries, sewers and sewerage service shown hereon are approximate only and in general the outlines of buildings may have been drawn from initial building plans submitted to the Board. Discrepancies in outline can occur from amendment to these plans. Discrepancies in position and type of drainage lines and fittings can be due to unnotified work. Before building work is commenced location of drainage lines is recommended. Consent is required to submit to the Board a Certificate Of Compliance as not all work may have been supervised.
