RE: Mod2022/0634 - 12 / 20 - 22 Cross Street BROOKVALE NSW 2100

Noise pollution is a major concern in the area....Funda Place is a quiet residential area with a mixture of all ages who have purchased in the area as their place of abode....we do not expect loud noises and music at unreasonable hours...One business desire against so many residents having a normal sleep pattern is unjust and needs to be addressed ASAP. Thank you for bringing this to our attention. Christina Hennessy
