23rd August 2017

Ref: LPLManly- headroom - 001

To whom it may concern

Lift installation: Manly Wharf, 19 East Esplanade, Manly

The lift being installed at Manly Wharf by Reward Hotel Projects requires a minimum headroom (from FFL of the top level served to the underside of the lift shaft roof) of 4000mm⁽¹⁾

- ⁽¹⁾ Allowance for a structural load bearing roof slab (over and above 4000mm) to take the 2.5 Tonne (SWL) lifting eye needs to be taken in to account also

Regards

Mark Rollinson
