Dear Sir/Madam

Thank you for your referral for MOD2023/0567.

Considering consent has been granted for the proposed development and GTA's issued by WaterNSW, the above mentioned DA needs to be referred under the correct clause to allow consideration of the application and provide the opportunity for WaterNSW to respond accordingly.

To allow WaterNSW to consider, please re-refer under Section 90(2) of the Water Management Act.

If you have any queries regarding the above, please contact me at the email address below.

Kind regards

Suellen Howe
