RE: DA2021/2116 - 145 Old Pittwater Road BROOKVALE NSW 2100

To Whom It May Concern

We are a local family whom reside in the northern beaches. With 3 kids all of whom love the water it is very important for our family that swimming and general water safety are paramount especially on the northern beaches. Trying to get our kids access to lessons and squads over the years has been a nightmare so an additional centre will assist access for families especially so close to the mall where traffic is easily managed. Our family has close ties to Sunnyfield so access for kids with disabilities and learning needs will be revolutionary for this part of our community. Please support the DA like we do and we look forward to our kids attending classes ASAP!!

Yours sincerely,
Rachel and Neil Cooke
