RE: DA2021/1805 - 4 Alexander Street COLLAROY NSW 2097

I write in support of development application DA2021/1805.

The plans as provided indicate a low rise, attractively designed and sympathetically landscaped residential block meeting a growing demand for housing for downsizers.

It brings fresh and pleasing design to a tired, lacklustre backstreet and should help to re-energize a flagging commercial precinct. This is a sorely needed development.
