Curl Curl NSW 2096

**RE: Mod2022/0090 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

I object to the Modification:

"The removal of Condition 10 (ii) of the Notice of Decision additional creek embankment rehabilitation planting containing a mix of indigenous trees, shrubs and groundcovers."

Reasons:

1. The Optus Telecommunication Facility is located within 40 metre of Curl Curl Lagoon on flood prone land that is suitable for planting.
2. The Facility is obtrusive and requires screening with native vegetation to protect the visual amenity of John Fisher Park.
3. The Facility intrudes upon the riparian corridor and the additional planting is a part compensation for rehabilitation planting that would otherwise take place on this land.
