RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106

The development of the Newport Surf Lifesaving clubhouse is long over due. The current facilities are years out of date and, in line with other club houses in the Northern Beaches deserves and upgrade. The surf life saving club, like all surf clubs, gives back a huge amount to the community, be it ensuring the safety of thousands of people who use the beach every summer or the Nippers programme that teaches children how to "water proof". The club is not a private enterprise trying to redevelop for personal financial gain, this is a development that is in the interests of all users of Newport Beach
