RE: DA2021/2116 - 145 Old Pittwater Road BROOKVALE NSW 2100

Aqua Culture would be an excellent addition to the Northern Beaches and to Brookvale. This all purpose rehab and wellbeing facility will help people from all walks of life; including elite athletes, people with disabilities and the elderly. It is a one of a kind facility that is currently missing from the Northern Beaches. This is a great opportunity for our community and I wholeheartedly endorse the proposal.
