RE: DA2019/0319 - 78 Cassia Street DEE WHY NSW 2099

This structure is too high and as we face North will deplete most of our sunlight. Unacceptable ugly structure.

I don't think the applicant realises that there is a stairwell between our windows they are trying to cover and our living space, so we can't look into their pool from the living area anyway and we have put up window coverings on the two key windows that do require some privacy for us.
