RE: DA2019/1190 - 9999 Pittwater Road BROOKVALE NSW 2100

This development must go ahead in order to ensure the northern beaches of Sydney does not get left behind in the twentieth century. Brookvale Oval is a local institution and community hub, that services one of the largest areas in metropolitan Sydney, and has been in desperate needs of an upgrade for some time. The grounds are an advertisement for good and safe practice, quality, and design novelty, and have been, and always will be, a reflection of our local Council.
